

**REMARKS**

Applicant thanks the Examiner for pointing out that Claim 3 contains allowable subject matter. The Examiner has objected to Claim 3, stating that it depends upon a rejected claim. Applicant has converted claim 3 into an independent claim by incorporating the limitations of claims 1 and 2. Claims 1 and 2 have been canceled without prejudice to facilitate the prosecution of this application. Accordingly, applicant requests the Examiner to withdraw this objection.

Claim 3 stands rejected under 35 USC 112, second paragraph, as indefinite. In particular, the Examiner has stated that the phrase "a dent" has improper antecedent basis. Applicant has corrected this informality. Accordingly, applicant requests the Examiner to withdraw this rejection and to pass this application to issue.

If it is determined that a telephone conference would expedite the prosecution of this application, the Examiner is invited to telephone the undersigned at the number given below.

In the event the U.S. Patent and Trademark Office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing docket no. **371312002200**.
